

MdBioLab Daily Schedule Worksheet

Use this worksheet to coordinate with teachers within the school to build the daily schedule for your MdBioLab visit. After complete, input the daily schedule into the MdBioLab online scheduling tool. MdBioLab offers classes on your daily schedule Tuesday – Thursday and until noon on Friday. Monday's are reserved for instructor travel time, setting up the MdBioLab and professional development. For each class, include:

Starting/ending time	Teacher, Class (ex. Honors Bio)
Number of students	Laboratory activity.

Visit www.mdbiolab.org to view the available laboratory activities. Please allow for the full amount of time required for each laboratory activity on the MdBioLab. Also, please limit each day to a maximum of two different laboratory activities. Due to time constraints, we will only be able to offer two different activities per day. In addition, please allow for a 45-minute break during the middle part of the school day for MdBioLab staff.

Time Start	Time End	Class	Teacher	Number of Students	Laboratory Activity
